

Calling all who care about the Environment

The **Coat of Hopes** is a patchwork coat that is on an ongoing walk through Britain. Made, worn and walked by hundreds of people during and since its pilgrimage from the south coast of England to COP 26, the UN climate summit, in Glasgow autumn 2021.

The Coat is made up of pieces of blanket into which people have worked their griefs, remembrances, prayers and hopes for the place they call home. It carries an invitation to share our love and responsibility in facing this climate and ecological emergency.
